**Specifications for Gravel Crushing and Screening**

- \*Contractor agrees to and will abide by all conditions and terms set forth by the Highway Superintendent.
- \*The gravel will be measured in tons to the nearest tenth of a ton as weighed on an accurate approved scale furnished by the contractor. The term "ton" shall mean the short ton consisting of 2000 pounds.
- \*Stockpiles will be placed in the general area of the pit from which the gravel is removed.
- \*Clark County will pay the Royalties to the pit owner for the gravel.
- \*Bid price shall include the cost of crushing and stockpiling.
- \*The Board of Commissioners reserve the right to accept or reject any or all bids, and to waive any defects or informalities if deemed in the best interest of Clark County.
- \*Clay will be added if deemed necessary by the Clark County Highway Superintendent.
- \*Clark County is responsible for all stripping and reclaiming of the mining location.
