ICS 402 Incident Command System Overview for Senior Officials

Wednesday, March 25, 2020 (3-hour course)

Yankton, 8:30 am – 11:30 am

This course provides executives and senior officials (including elected officials, city/county managers, agency administrators, etc.) an orientation to the Incident Command System (ICS).

Course Objectives

- Describe the Incident Command System (ICS).
- Describe the various ways ICS can be applied.
- Define the role of an executive/senior official relative to the ICS.
- Describe the major responsibilities of an executive/senior official as related to an incident.
- Demonstrate basic familiarity with ICS terminology.
- Describe the basic organization of ICS and know the functional responsibilities of the Command and General Staffs.
- Describe issues that influence incident complexity and the tools available to analyze complexity.
- Describe the differences between on-incident ICS organizations and activities and the activities accomplished by Emergency Operations Centers (EOCs), Area Commands, and Multi-Agency Coordination Systems (MACS).
- Explain the administrative, logistical, financial, and reporting implications of large incident operations.
- Describe the sources of information regarding the incident and how to access them.
- Describe types of agency(ies) policies and guidelines that influence management of incident or event activities

Audience: Executives and senior officials, including elected officials, city/county managers, agency administrators, etc.

Venue Information: You will receive specific training location information via e-mail when you have been approved to attend this course by the administrator. Please allow for up to 48 hours for this to occur.

To receive credit for training you must be present for the entire course.
