April 1, 2020

Hand County Weed and Pest Department  
415 West 1<sup>st</sup> Avenue  
Miller, SD 57362

Dear Hand County Weed and Pest Department,

Nutrien Solutions bids the following on your requested products for your chemical needs for your 2020 season. All pricing stated will be good for the requested term of your bid. All products delivered to your requested location(s) as needed and no freight charges added.

<b>Milestone Herbicide</b>	2.5 gal. cont.	\$265.00 per gallon	
	5 gal. requested		\$1,325.00

All pricing being equal, Nutrien Solutions requests that Hand County Weed Board chooses them as their Milestone supplier.

<b>Cinco Herbicide</b>	2.5 gal. cont.	\$15.10 per gallon	
	10 gal. requested		\$151.00

<b>MSO Surfactant</b>	2.5 gal. cont.	\$12.60 per gallon	
	10 gal. requested		\$126.00

<b>Imazuron DG Herbicide</b>	10 lb. bags	\$7.95 per pound	
	10 lbs. requested		\$79.50

Same as Sahara DG Herbicide, all same labeling, use rates, use sites and active ingredients, Sahara Herbicide is no longer made, BASF discontinued it.

<b>Clipper Herbicide</b>	5 lb. cont.	\$51.25 per pound	
	10 lbs. requested		\$512.50

<b>Total Bid</b>			<hr/> \$2,194.00

**ra Items Quoted for Consideration:**

**E-2 Herbicide** 2.5 gal. cont. \$42.00 per gallon

**\*Spreader 90 Surfactant** 2.5 gal. cont. \$14.60 per gallon  
Spreader 90 Surfactant is a 90% non-ionic surfactant; it is not a high alcohol loaded product like the Brewer 90, 90/10 surfactant and others. Spreader 90 is a much better-quality product, will dry slower and not create as many fines.

**\*Tordon 22K Herbicide** 2.5 Gal. Cont. \$39.50 per gallon  
30 Gal. Drums \$39.50 per gallon

**Product quoted is Tordon 22K Herbicide made by Dow AgroSciences, not a generic**

**\*UnFoamer** Quart cont. \$13.90 quart  
(12x1 qt. case)

**\*Liberate Surfactant** 2.5-gallon Containers \$24.00 gallon  
Liberate is a 100% non-ionic surfactant as well as a penetrating surfactant, helps to reduce driftable fines, helps to increase droplet adhesion, is low foaming and pH neutral formulation. Liberate Surfactant is quickly becoming the surfactant of choice with many government agencies.

**\*Reign Drift Control RTU** 2.5-gallon Containers \$16.00 gallon

Use rates are 1 to 2 quarts per 100 gallons depending upon spraying pressures, helps to reduce drift and driftable fines from spraying operations, ready to use formulation will mix in the water easier than concentrated formulations, leaves no residues in the tanks for future loads, easier on the pumps than concentrated polymer drift control products.

All current labels and MSDS sheets will be supplied on all products on request or time of deliveries or can be gotten from the following web site – [www.cdms.net](http://www.cdms.net)

All pricing is **delivered** price to your location (s) as requested or required.

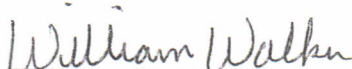

All terms are net 30 days.

For all orders please contact William "Bill" Walker at 1-605-645-1636 (mobile phone) / email at [william.walker@nutrien.com](mailto:william.walker@nutrien.com) or our Spearfish, SD warehouse at 1-866-642-3800 toll free – John Schmidt, warehouse manager, Dave O'Brien assistant warehouse manager.

I thank you for the opportunity to provide pricing for your 2020 chemical product's needs.

If you have other product requests for 2020 please call or email for pricing.

Sincerely,

  
William "Bill" Walker
