The Hand County Board of County Commissioners met in regular session on April 6, 2021 in the commission chambers. Chairman Gilbert "Gib" Rodgers called the meeting to order at 1pm with the following commissioners also present: Jones, Eschenbaum and Palmer. Commissioner Wernsmann was excused. The meeting was also broadcast live on Facebook and later uploaded to YouTube.

Auditor DeBoer informed the commission that Kirk Aughenbaugh (Ratio, LCC) was present and wanted to discuss a plat for consideration. Additionally, a resolution related to a highway department project needed to be addressed. DeBoer requested and received permission to add those items to the agenda for consideration.

The commission reviewed the following consent agenda acknowledgements: Results of the work comp audit, resulting a refund of \$1,327, the sheriff's report, the Register of Deeds financial report for February 2021. The commission also approved the following action items: Minutes of the March 2, 2021 meeting, payment of claims (excluding the payment to On Hand Development), renewal of the beverage licenses for Miller Central Speedway and Hiway Store and for the Register of Deeds, Treasurer and Auditor to attend the spring workshop in Pierre on May 4 and 5. The consent agenda items were approved upon motion of Palmer/Eschenbaum and passed.

The commission considered two plats of adjoining property from Bill & Nancy Lewellen entitled the Lewellen Outlot 1 and the Peterson Outlot 1. It was moved by Jones/Eschenbaum and passed to adopt the following resolutions related to the plats: "Be it resolved by the County Commission of Hand County, South Dakota, that the plat showing "LEWELLEN OUTLOT 1 in the SW1/4 OF THE SW1/4 OF SECTION 2, TOWNSHIP 112 NORTH, RANGE 68 WEST OF THE 5TH P.M., HAND COUNTY, SOUTH DAKOTA" having been examined is hereby approved in accordance with the provisions of SDCL of 1967, Chapters 11-6, and any amendments." And, "Be it resolved by the County Commission of Hand County, South Dakota, that the plat showing "PETERSON OUTLOT 1 in the SW1/4 OF THE SW1/4 OF SECTION 2, TOWNSHIP 112 NORTH, RANGE 68 WEST OF THE 5TH P.M., HAND COUNTY, SOUTH DAKOTA" having been examined is hereby approved in accordance with the provisions of SDCL of 1967, Chapters 11-6, and any amendments.

The board next considered a plat presented by Ty Clarke entitled "PLAT OF CLARKE OUTLOT 1, IN THE E1/2, E1/2, SE1/4 OF SECTION 13, T113N, R66W OF THE 5TH P.M., HAND COUNTY, SOUTH DAKOTA." The commission adopted the following resolution: "IT WAS MOVED BY ESCHENBAUM, SECONDED BY PALMER, MOTION CARRIED THAT THE PLAT OF "CLARKE OUTLOT 1' IN THE E1/2, E1/2, SE1/4 OF SECTION 13, T113N, R66W OF THE 5TH P.M., HAND COUNTY, SOUTH DAKOTA, AS DESCRIBED ABOVE AND DRAWN HEREON BE APPROVED AND ACCEPTED AND THE AUDITOR HEREBY IS INSTRUCTED TO ENDORSE ON SUCH PLAT A COPY OF THE RESOLUTION AND TO CERTIFY THE SAME. I, DOUG DEBOER, COUNTY AUDITOR OF HAND COUNTY, SOUTH DAKOTA, DO HEREBY CERTIFY THAT THE WITHIN AND FOREGOING IS A TRUE COPY OF THE RESOLUTION PASSED BY THE BOARD OF COUNTY COMMISSIONERS OF HAND COUNTY, SOUTH DAKOTA, ON THIS 6TH DAY OF APRIL, 2021. /S/: DOUG DEBOER AUDITOR, HAND COUNTY, SD".

Kirk Aughenbaugh next visited the commission about the Ratio, LLC project. He provided the board with a background on the plat, but did not seek approval because of some typographical errors. All parties agreed to revisit the plat on May 6, 2021.

The commission discussed the claim for payment to On Hand Development. Kecia Beranek (Director) had been called to attend. There was considerable discussion that the payment to On Hand was short lived and contingent on the city of Miller working with the county on ways to save tax payers money, among them cooperative law enforcement. There was discussion that it was not contingent on law enforcement, only cooperative means to save tax dollars. It was then questioned if that happened as well. It was also questioned how the payments were continued with some commissioners not knowing. In response, it was pointed out that the commission

budget had a specific expenditure activity on it for On Hand payments and that vouchers appeared in the bills monthly for review. It was also pointed out that a commissioner sits upon the board of directors for On Hand. After considerable discussion it was moved by Eschenbaum to continue funding for On Hand until June, not into July without an agreement. Jones seconded the motion. During discussion Jones acknowledged that he misunderstood the motion and withdrew it. No one objected and the motion died for lack of a second. Chairman Rodgers placed the item on the May agenda for resolution.

The public hearing for the purpose of auctioning off rental rights on county owned property in Pleasant Valley Township. Brad Ufen and Doug Edwards asked to be recognized as bidders for the auction. It was also noted that neither of them had an interest in bidding on the same properties. Additionally, each of them is the current tenant of the properties they are interested in.

The first parcel was 80 acres in Section 8 of township 109 range 68. Brad Ufen offered a bid of \$14.00 per acre. No other bids were heard. It was moved by Palmer/Eschenbaum to accept the bid. The motion passed.

The second, third, fourth and fifth parcels comprise 320 acres in Section 9 of township 109 range 68 broken into a pair of 40-acre plots, an 80-acre plot and a 160-acre plot. Doug Edwards offered a bid of \$6.87 per acre. No other bids were heard. It was moved by Jones/Palmer to accept the bid. The motion passed. The contracts will be executed in the future.

The commission heard from Arlen Gortmaker (Emergency Manager) on a request to adopt Resolution 2021-08 "Resolution to Adopt the Hand County Natural Hazard Mitigation Plan". It was moved by Jones/Eschenbaum to approve and it passed.

The second item was a request from Gortmaker to attend Incident Commander Training in Custer on May 15. The commissioners agreed to the request for him to attend.

Gortmaker said that the 911 radio system rebuild is proceeding and equipment is being purchased.

Venture Communications, Rod Kusser and Clint Buchholz, met with the commission to request permission to occupy the rights of way (outlined on maps on file) throughout the county as part of their fiberoptic cable build-out. Venture intends to provide broadband internet to areas of the county that currently do not have access. The motion to approve the application was granted upon motion of Jones/Eschenbaum and passed.

The commission took up discussion of Resolution 2021-06, a Resolution to declare Hand County as a "Sanctuary County" for 2nd Amendment protections. Commissioner Eschenbaum explained the idea behind the resolution and offered comments on how other counties are adopting similar resolutions. Eschenbaum explained that a petition was circulated and presented to the board in support. Additionally, Sheriff Shane Croeni spoke on the adoption of the resolution. Commissioner Jones questioned the posture of declaring the county a sanctuary, even if contrary to future law? Croeni responded that it is "redundant"; it has been passed by other counties and the state legislature stated in SB100 that the state and other local governments "are not going to take your guns". Croeni said the effort restates the current law and local support. Jones questioned the inherent conflict in enforcing one law while it might remain illegal via another. Croeni likened the situation to marijuana where a state passes laws to make it legal while the congress keeps it illegal. Croeni said it is based on the desires of the people. Croeni made it clear that should the law change and gun confiscation begin, he would step down from office. Croeni added that this is a hot topic because it is the one in question, not the others in the Bill of Rights. Eschenbaum and Jones both stated they did not want to lose their right as stated in the 2nd Amendment. Commissioner Eschenbaum moved that the commission approve the resolution. The chairman asked for second, there not being one, the motion died for a lack of second. Commissioner Palmer said he supports the 2nd Amendment but felt the resolution was "redundant" as it is already stated. Jones agreed.

Tigh Johnson, Rubble Site Manager, came before the board to discuss hours of operation. Johnson presented an outline of hours. He also discussed how two of part time attendants told him they didn't want any hours. Any changes in hours would be posted online, in the Miller Press, and via a sign at the rubble site entrance. It was moved by Palmer/Jones to allow for the advertisement of part-time help with an entry wage of \$14 per hour. The commission also approved Johnson attending the required training for rubble site operation.

Will Page, Custodian, provided a report to the commission on the third floor and rotunda plaster repairs and reviewed the proposals from Midwest Construction. Page also spoke about his recent visit with Pierce and Harris P.E. and a representative from Otis Elevator. Lastly, Page spoke about the work of G&R Controls as it relates to the heating system.

Doug DeBoer, Auditor, requested the commission approve by motion the following changes to the Prisoner Care (Jail) budget: lower 426.02 to 422.00 to reflect professional fees paid to a laboratory, to lower Solid Waste (Rubble Site) 411 by \$10,000 and increase 415 to cover the costs of group insurances. The request was approved upon motion of Jones/Palmer and passed. DeBoer also reported that \$1,327 was refunded from the work comp provider following their audit of our operation. Lastly, DeBoer presented the commission with the response from the Family Crisis Center in Redfield. The response was purposely left blank by direction of the director.

Doug DeBoer, county welfare officer, briefed the commission on the March notifications, there was a total of \$515,000 in estimated (indigent) medical care submitted. The current balances, of estimates, for the last two years is \$1,740,000 with actual applications for payment sitting at \$816,125.77. Two files were sent to the consultant for review and settlement offers from Avera were also sent for review.

Jeff Hargens, county highway superintendent, requested permission for he and Officer Manager Chris Schaefer to attend the "Short Course" in Deadwood on May 6th. The request was approved. The discussion of the dozer lease was postponed because RDO wasn't able to do their assessment.

The commission reviewed the purchase agreement between the county and the owner. The agreement was not executed because the county needs to have conditional use approved and state permitting to expand the rubble site. Those items will be placed on the agenda for May.

The commission, upon motion of Palmer/Eschenbaum, ratified the hiring of Tigh Johnson as the Rubble Site Manager. All presented voted in favor thereof.

Hargens presented the commission with the resolutions necessary to apply for funding to repair and replace failing bridge structures. The wording of each resolution was identical with the exemption of the resolution number, the structure identification / location and the adjoining land owners. The commission approved adopting the resolutions "in bulk" and the minutes will separate the items making them unique. It was move by Eschenbaum/Palmer and passed.

The commission took action on a series of resolutions entitled: "Federal and Bridge Program Resolution for County and Urban Projects" and each is assigned its own resolution number for filing. The resolutions contain the following, identical information: "WHEREAS, Hand County desires the X replacement or _ removal of the bridge hereinafter described: Structure Number and Location:"

- Resolution 2021-07:** 30-000-392, 13.2 miles south of Ree Heights
- Resolution 2021-08:** 30-170-185, 1.0 miles East and 7.5 miles North of Miller

Resolution 2021-17: \$400,000, Federal Share (81.95%): \$327,800, Local Share (18.05%): \$72,200

Vote of the Commissioners/~~Council~~: Yes X No ___

Dated at Miller, SD, this 21st day of April, 2021 /s/: Chairman/~~Mayer~~ Gib G. Rodgers

ATTEST: /s/: Doug DeBoer County Auditor

Bryan Breitling, hospital administrator, met with the commission to discuss the fact that the hospital will not be participating in the community health program. The objectives and programming of the state and the hospital no longer coincide and maintaining the operation as-is, is not allowed. Breitling wanted the board to hear it from him first knowing the state would be following up in the near future. Breitling also spoke about the repairs needed along 4th Street from the courthouse entry to the doors of the Courtyard Manor. The hospital will be affecting repairs but not to the county's portion. No action was taken.

Bryan Breitling, as District 23 representative, spoke to the commission about legislative activities and future objectives. Breitling provided the group with the Consolidated Appropriations Act hand-out. Of note where efforts to provide \$45,000 for small structures (small enough that they are not bridges) to be inventoried to determine their condition. Presently, only structures larger than "small" are inventoried. The inventory will allow the state to better assess needs.

The commissioners reviewed the building permit as presented on the agenda, those being: Ratio, LLC, Swine Building in Pearl Township, estimated cost: \$6,582,200. Roger Zens, pole barn in Miller Township, estimated costs: \$65,000, Joyce Wieseler LT, deck in Fairview Township, estimated costs: \$5,000. Kyle Bertsch, Bins in York Township, estimated cost: \$175,000. Dean VanZee, move garage to St. Lawrence Township, estimated cost: None. Cody Stevens, bins in St. Lawrence Township, estimated costs: \$320,000. Cole Mehling, Bins in Hulbert Township, estimated cost: \$6,000. Eagle Pass Lodge, bins in Ree Heights township, estimated cost: \$110,000 and Sweetland Wind, earthwork in Hulbert Township, estimated cost: \$45,724.

It was moved by Eschenbaum/Jones to adjourn the meeting at 5:00 p.m.
